ARBONNE is the Premier Leader in Natural Skin Care

Arbonne was founded in the U.S. in 1980 by a Norwegian named Petter Morck. Decades before people understood the importance of safe cosmetics, and protecting the environment Petter and his team were formulating botanically based skin care that was completely different from anything on the market. Today we know that what we put on our skin affects our health. As science begins to reveal the importance of “safe” skin care people are actively seeking natural alternatives and Arbonne has the answer.

ARBONNE products are completely FREE of:

- | | | |
|------------------|-----------------------|---|
| Parabens | Phthalates | Hormone Altering Ingredients |
| Artificial dyes* | PABA | Animal Derived Ingredients |
| Fragrances* | Petroleum | Propylene Glycol |
| | Sodium Laurel Sulfate | FSC Certified (see www.fsc.org) |

* From time to time, Arbonne will incorporate fragrance in specialty bath and body skin care products. This inclusion will be clearly marked as fragrance on the ingredient list.

ARBONNE Owns “Fresh Cell Technology”

“Fresh cell technology” is a process exclusive to ARBONNE that extracts the freshest, most potent nutrients from the botanical (leaving them completely intact) until they touch the skin. The result is nothing other than “miraculous”. Arbonne made history as it announced this world class science in the Feb 09 edition of “**allure**” magazine. And this is just the tip of the ice berg!

ARBONNE Has the Dynamic Duo

Proprietary formulations are developed at the Arbonne Institute of Research & Development (AIRD), Sion, Switzerland, under the watchful eye of Pierre Bottiglieri and Peter Matravers, PhD. Dr Matravers put **Neutrogena** on the map with T-Gel and led **AVEDA** from a 50 million dollar company to a 700 million dollar company. Mr. Bottiglieri is the President of the Swiss Society of Cosmetic Chemists, Europe’s leading technical association for natural skin care. This prestigious team of scientists is poised to lead Arbonne into its’ most DRAMAITC GROWTH EVER! **ARBONNE is leading the way to a NEW ERA in personal care products!**

There are a lot of misconceptions about Network Marketing

Have you ever referred a friend to a good movie or a restaurant? Did the producer of the movie or the owner of the restaurant pay you for the referral? Think how often you refer friends and family to products and services you enjoy. Can you imagine getting paid on every referral? That’s what network marketing is. Nearly all successful Arbonne consultants started out loving Arbonne products. They couldn’t help but share their results with others. Arbonne rewards their referral with a nice compensation check.

"With even a smidgen of desire, almost anything is possible, and that includes your building a career in network marketing. ... We all want the same things out of life. We want to be happy, healthy, reasonably prosperous and secure, and to have friends, piece of mind, good family relationships, and hope. A career in network marketing can satisfy all these desires." - Zig Ziglar, "Network Marketing for Dummies"
